A glance at the sketch shows that the land proposed to be granted to the Football Club is adjacent to the Middle School. This may be granted ^{on the conditions mentioned by the} instead of being used as a camping ground which may be objectionable being in close proximity to the school.

The expenditure of Rs. 75 incurred by the M.C. without previous sanction may also be approved with the observation ^{as suggested by the} that such irregularities should be strictly avoided in future.

S i r,

I have the honour to state that the President, Town Municipal Council, Bowringpet, reports that the ground by the side of the local King Edward Hall belonging to the Municipality was being used as foot-ball ground by a local foot-ball club and that the Municipal Council having decided to use this ground for purposes of a park, a separate piece of ground viz, a portion of the camping ground belonging to the Municipality was given to the club and the ground not being in a condition fit for playing, the Municipal Council resolved at their meeting held on 5th March 1941 to spend a sum of Rs 75/- for levelling and cleaning the ground. As the club had to conduct the annual foot-ball tournament in the month of April 1941 the work had to be done urgently and so the amount was paid to the Vice President for getting the work done in accordance with the resolution of the Municipal Council. The President solicits sanction to this exceptional item of expenditure.

2 In this case the action taken by the Municipal Council is no doubt irregular. The expenditure should not have been incurred without first obtaining sanction of competent authority. Besides the Municipal Council are not competent to make a free gift of land whatever be the cost or dimensions of the land. They will be informed that the piece of land now granted to the Club may be used as foot-ball ground by the Club so long as it is not required for any public or Municipal purpose and that it should be resumed to the Municipality whenever required.

3 As regards the expenditure of Rs 75/- incurred by the Municipal Council it is clear that the enthusiasm of the Municipal Council has

S i r,

With reference to your letter No I 8680 dated 3rd June 1941 calling for certain additional information regarding the grant of land by the Bowringpet Town Municipal Council to the local foot-ball club, I have the honour to state as follows -

1 A plan showing the situation and dimensions of the original foot-ball field and the one now given has been received from the President and enclosed in the records for perusal. The piece of land which was originally used as foot-ball field but now converted into Municipal Park was acquired by the Municipality at a cost of Rs 1,700/- the acquisition having been sanctioned in Government Order No L 4555-7/11 36-31-24 dated 16th/21st December 1931. A portion of the land called 'Municipal camping ground' measuring 267 feet x 328 feet has now been given to the club. This has been in the possession of the Municipality from a very long time and it is stated that no records are available as to how the land came to be in the possession of the Municipality. Its approximate cost is estimated to be Rs 750/-

2 The foot-ball club in question has not been registered though it is reported to have been in existence since 1917, and tournaments are being conducted every year.

3 A resolution of the Municipal Council dated 15th May 1940 agreeing to give away the Health Camping ground to the Foot-ball club is enclosed herein for perusal.

4 The ground now given for foot-ball club has been reserved for health camping purposes during the outbreak of epidemics in the Town and is hence called 'Municipal Health Camping Ground'. It is not used for

camping

carping purposes by the Military
